1. Conducted meeting together with [REDACTED] on the Foreign Industrial Establishment project. At this meeting it was decided by all agencies that CIG proceed with the draft of a directive for the implementation of the project. This is being done. ✓

2. Conducted meeting on the "Intelligence Plan for collecting information at International Conferences and Meetings". Considerable doubt seemed to exist as to the possibility of implementing this project for quite some time due to limitations of personnel. However, it was agreed that a start could be made with plan before a formal organization has been instituted by collecting the reports from the various Government agents who attended the meeting for their own departments. A tentative operating plan is now being drawn up in conjunction with Colonel [REDACTED] of OCD. ✓
